Since 1968 YES has been the employment champion for youth by specializing in:

- Life skills training, financial literacy, mentorship

Message from the Board Chair and the President

YES has been at the forefront of finding meaningful work for thousands of young people for nearly 50 years. Building on a history of stability and strength, YES has experienced dynamic growth and change in the past year. We have witnessed an increase in capacity, staff, offices and resource-centre space for youth. Most importantly, YES has been able to help over 10,000 youth and achieve an 87% success rate in job and education placement. The majority of youth YES helps include multi-barriered youth. We continued to develop our partnerships with all three levels of Government, with YES being specifically chosen to run a major new program to serve at-risk youth.

Youth Job Connection has proven to be a success, with more than 400 young people being served in the last quarter of 2015/16. Our Lighthouse Project, launched at the tail end of 2014/15 to supply young people having mental health issues with crucial employment support, had an impactful first year with 88% of the youth who participated gaining employment, returning to school or enrolling in training following their time at YES. This is a significant achievement for this vulnerable group.

We welcomed back financial supporters such as BMO, TD Bank, Tippet Foundation and KPMG, who showcased their commitment to youth in our communities by supporting much needed services. We were also proud to develop new partnerships and welcomed, among others, Starbucks Canada, HSBC, Accenture and State Street to the YES community. These partnerships have resulted in financial support, corporate employee engagement, in-kind support in areas such as marketing and online resources, and support for direct costs for meals, clothing and travel support for our clients. The valuable support of our financial supporters has enabled us to expand critical services at YES. You can read about some of these partnerships further in this report.

Dynamic new communication strategies have increased awareness throughout the GTA of YES

services. A new on-line training platform is aligned with the way young people learn, as YES leverages traditional training methods with new age methods. This has also increased the ability of out-of region youth to access YES resources and help change their lives. An increase in partnerships with thousands of businesses continues to ensure YES can place youth into employment.

We would like to thank YES directors for their on-going volunteer service on the Board of YES. Their continued commitment helps to ensure that we give our all to helping our community.

We would also like to acknowledge the engagement, drive and passion of our hard-working team at YES for their role in empowering Toronto's youth. Thanks to all of their efforts, and those of our partners, this year we have been able to continue to change lives, forever.

Youth Employment Services YES

“Our hope is to turn things around, to give young people an opportunity to find meaningful work. I’m concerned about young people. Many of them are underemployed, and can’t work in their field of study — so it’s very frustrating.” – **MINISTER OF EMPLOYMENT, WORKFORCE DEVELOPMENT AND LABOUR,**

Haider Ashraf

I started at YES as a Job Developer 12 years ago. In that time, I have placed close to 2,000 youth into employment and have worked with hundreds of employers like Mr. Lube and Tim Hortons. Helping people has always been my passion, be that at work or in the community, and YES helps me fulfill that passion. Being able to help youth, especially those who are facing multiple barriers to employment, such as having a criminal record or a lack of education, is incredibly rewarding. Seeing their delight in being able to work and be part of their community; that gives me so much pleasure and peace of mind which makes my day. YES is a great

employer to work for. They give encouragement, support, have a fantastic team environment and ensure that the hard work we do is recognized and valued. Last year I received the 'Merit' Certificate by First Work, Ontario Association of Youth Employment Center. I look forward to continuing to work with YES to help even more youth in our community.

Donor:

Accenture Canada

Accenture Canada is a leader in the corporate sector in recognizing how much of an effect youth unemployment has on communities worldwide. Since launching their Skills to Succeed program in 2011, they have equipped more than 1.2m people with workplace and entrepreneurial skills. Their goal is to reach 3m people by 2020. Since partnering with YES, they have directly supported more than 600 youth through their Skills to Succeed online workshops, with many more being supported thanks to their financial contribution to our organization. "We jumped at the opportunity to work with YES. Not only did

we feel an instant connection on the passion to help this group of young adults to make their dreams a reality, but there was a perfect alignment with our Skills to Succeed (\$2S) initiative to equip 3 million people around the world with the skills to get a job or build a business by the end of fiscal 2020. With YES, we had the opportunity to help youth with pre-employability and life skills, and we are thrilled that YES has since become our largest user of the program!" Deborah Swartz – Corporate Citizenship Lead for Accenture

Volunteer:

Venki Raman

As VP of Retail Distribution in Mississauga, Venki is used to inspiring teams to create a fantastic client experience for CIBC customers in his community. After being approached with the opportunity to volunteer at YES, Venki jumped at the chance. With a personal mission statement to kindle the human spirit, Venki was a perfect fit for our volunteer activities. Engaging a room full of youth is not for the faint hearted. But thanks to Venki's enthusiasm and ability to put our young clients at ease, he had the room engaged and participating in exercises such as cold call role playing. Venki not only acts as a guest

speaker for our groups, but he has also chosen to mentor one of our BizStart clients to help them with their goal of launching their own business. Venki really loves the great work that YES is carrying out and looks forward to coming to see us again soon. We look forward to it Venki and are so grateful for all your support!

YES' Community

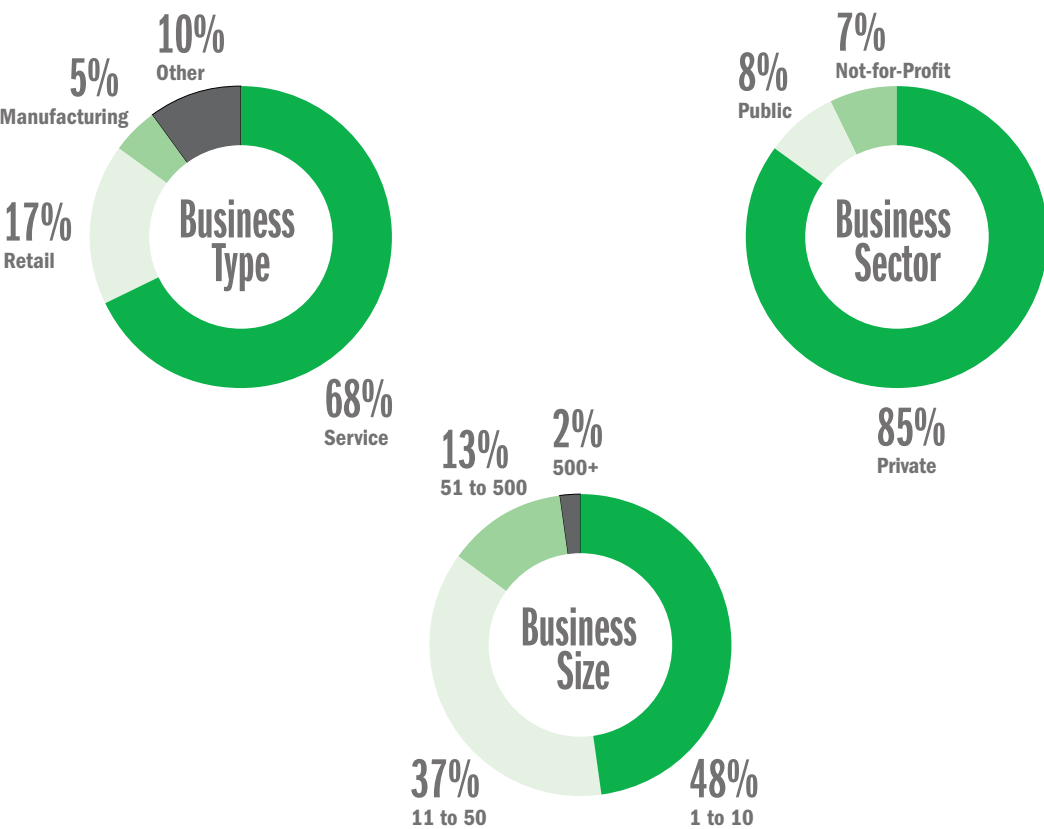

Working With Employers

So much of the success that YES and our clients enjoy is thanks to the generous support of those in our community. Our most important partner are those employers that work tirelessly with YES to give our clients an opportunity to realize and meet their potential.

We worked with 1,516 employers last year that resulted in 1,663 work experience placements. We paid out over \$3,879,309 in wage subsidies and training allowances to employers and clients on behalf of the three levels of government, which supplemented initial training costs and encouraged employers to hire and to boost local economies.

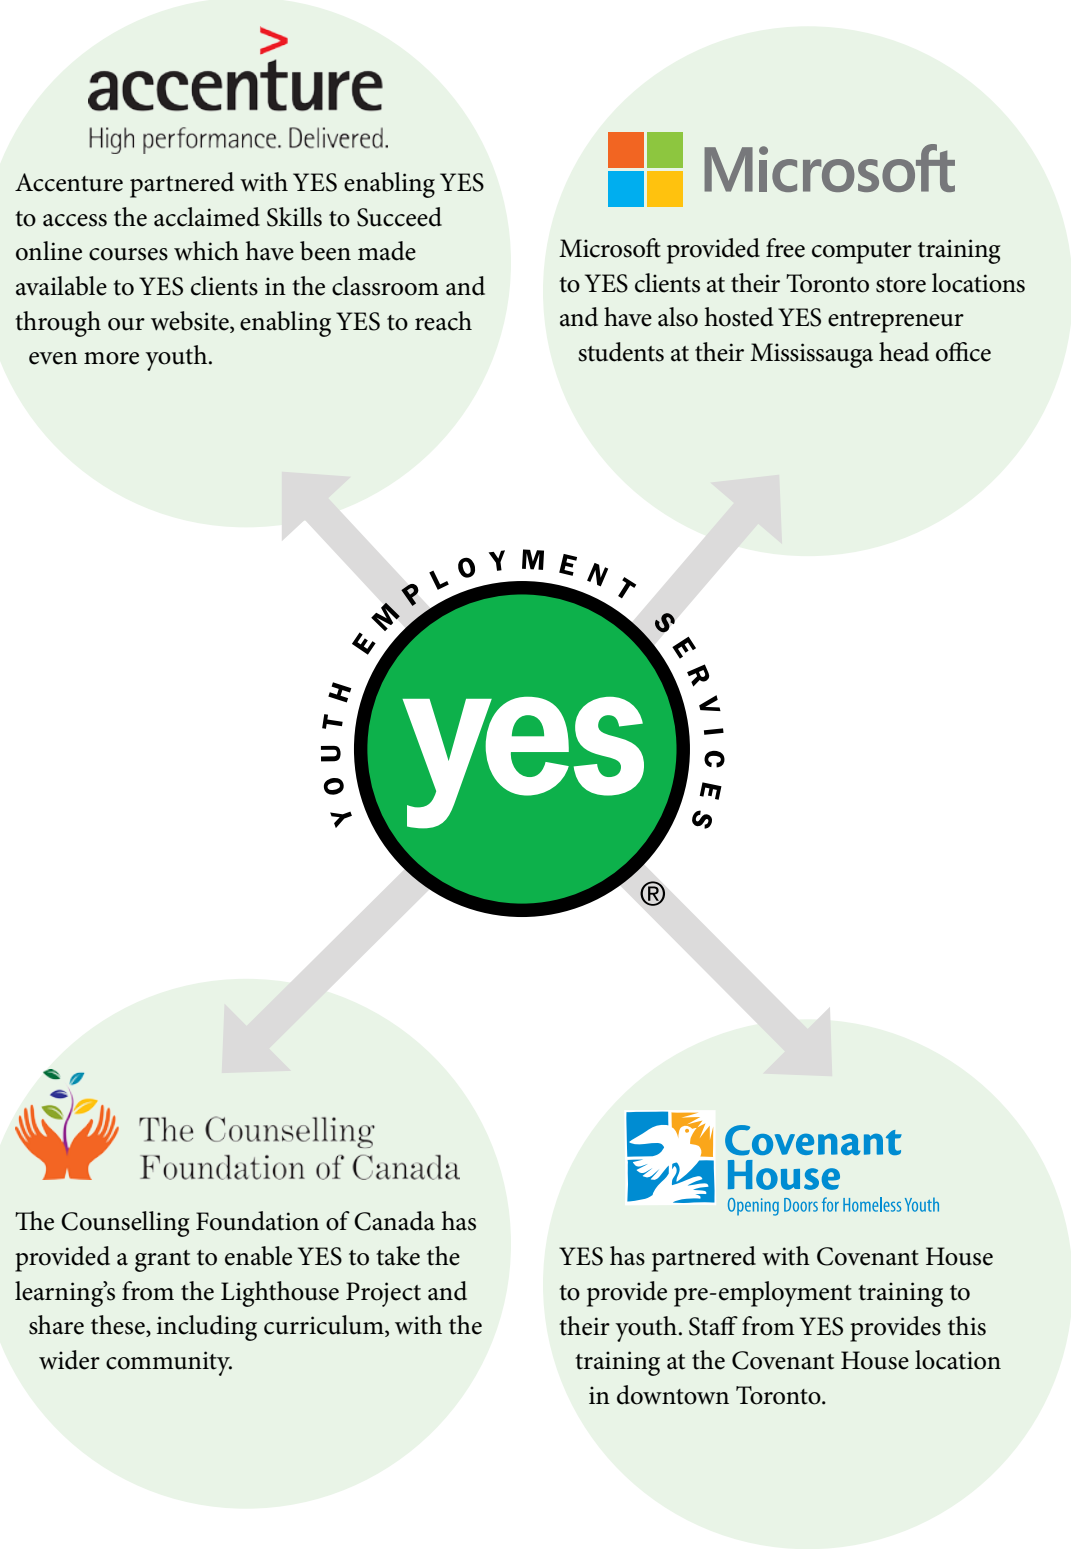

YES hosted numerous hiring events for employers including Loblaws, Starbucks, Crave Health Habits, Pizza Pizza, Sobey's, Mr Lube, and Belair Direct!
